(a) EnergyPlus model of the large office, zones coloured by serving AHU

Top floor (12th): 5 zones, AHU-3

Floors 2-5 and 7-11 (dashed): represented by the multiplier of the middle floor

Middle floor (6th), zone multiplier 10 (floors 2-11): 5 zones, AHU-2

Ground floor: 5 zones, AHU-1

Basement: 1 zone, AHU-4

Cut-away view: plenum roofs removed to show the zone ceilings (perimeter darker, core lighter); grey bands = return plenums, light = windows.

(b) HVAC hierarchy discovered by BAS-ization (54 equipment objects, 1,207 points)
